## Method of operation

The screenshot displays the Aras Innovator application window. On the left is a tree view with categories like Administration, Design, and Parts. The 'Parts' category is selected, showing a list of parts. The 'Part' details pane on the right shows information for part 104361-P, including creation and modification dates. A context menu is open over the parts list, with 'Send Link by E-mail...' highlighted. An email client window is overlaid on the right, showing the email composition screen with the URL <http://MyInnovator/InnovatorServer/Client/default.asp?StartItem=Part:8D888D5FCA504366B8D645F36C9F2FAE> pasted into the body. A red arrow points from the text below to the 'Send Link by E-mail...' menu item.
